why choose hp?

total solutions

The HP Notebooks come with world-class global services and solutions, to simplify and support your IT needs. Security features are designed to protect your data, network and assets, while stable and consistent lifecycles protect your technology dollar as well as provide ease of deployment and maintenance. All notebooks can be configured to your specific needs.

• wireless solutions

– wireless local area network (WLAN)

The HP 11-Mbps wireless LAN series offers the broadest range of WLAN products and professional services to address your wireless connectivity requirements.

• seamless connectivity

– USB 2.0

This latest high-speed interface standard is 40 times faster than USB1.1. It delivers higher performance from peripherals such as scanners, printers, hard-drives, keyboards and digital cameras – and it is backward compatible.

• mobile accessories

– port replicator – Part Number F4808A

The basic port replicator provides the ultimate desktop convenience by letting you easily connect a monitor, keyboard, mouse or other external devices such as the External MultiBay to your Compaq notebook. Advanced port replicator includes two integrated MultiBay slots for extra access to MultiBay devices such as hard drives and optical drives.

– second battery – Part Number F4809A

Enhance your personal productivity with the additional standard 8-cell Lithium-Ion battery, 4.4Ahr and Smart Battery Technology that provides for accurate and instantaneous battery status.

– additional memory

– 256MB Part Number F4695A/512MB Part Number F4696A

Additional memory will increase notebook performance and productivity for memory intensive applications.

– second power adaptor – Part Number F4600A

Travel light with the convenience of a second power adaptor.

– backpack – Part Number DF772A

An ergonomic and stylish backpack with a padded rear, front pocket for accessories, interior document pocket and external clip for small items.

backed by hp services

HP has always been known for its quality of service, integrity, motivation, flexibility, commitment and expertise – and has a proven track record in long-term technology and solutions advice. When it comes to increasing business agility, reducing costs, expanding or optimising enterprise assets, and keeping IT up and running, HP Services are the experts.
